Some children come to school in a car with family

We can park outside the school and walk to the gate

If my mum/ dad/ carer want to drive into school they can buzz at the main big gate (left hand side facing the school)

But the gates will be locked from 8.55 until 9.10 so it might be easier to park on the road if mum/ dad have to go to work or go to another school.

To enter the school, we will press the buzzer on the pedestrian gate

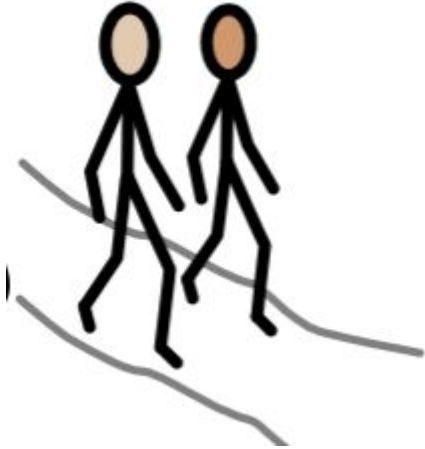

My teaching assistant will collect me.

If I arrive after 9.10 I will come to the main
